## Brighton Self-Storage Facility, Brighton MA

Interior and Exterior Masonry Control Joint Installation

**OWNER:** SSG Development

**LOCATION:** 156 Lincoln Street  
Brighton, MA

**DATE:** April 2008

### DESCRIPTION:

CSI applied approximately 2,000 linear ft of sealant to all interior and exterior masonry control joints at the Brighton Self-Storage facility.

Sealant colors were required to closely match the colors of the masonry mortar joints.

With the Mass Pike as a neighbor to this site, much coordination was required to provide the CSI team clear access to the control joints, since the already cramped site footprint was congested with several other contractors.

Since 1996, Contracting Specialists Incorporated has steadily emerged as a leader in specialty construction, providing clients with proven and innovative solutions for concrete restoration, masonry restoration and waterproofing.
